

# SMALL BUSINESS ADVICE

## Schedule a free one-on-one remote consultation for help with lowering your electric costs

### OUR TECHNICAL EXPERTS CAN:

- Offer customized energy efficiency tips, including low or no-cost suggestions
- Evaluate electric bills and identify anomalies, such as equipment running in a business that is closed
- Review vendor proposals and plans for future projects
- Recommend cost-effective efficiency projects that provide long-term operational savings
- Provide information on available incentives

Contact Efficiency Smart at 877-889-3777 or [info@efficiencysmart.org](mailto:info@efficiencysmart.org) to schedule your free consultation.

One of the energy efficiency initiatives brought to you in partnership between your local municipal electric provider and Efficiency Smart.
