

# Electric Meter Loan Guide

## Borrowing an Electric Meter

Please review prior to using the meter:

- This meter is not intended to be used on products that are more than 120 volts/15 amps
- Borrow the meter for up to four weeks (you can contact us if an extension is needed)
- We encourage you to complete the worksheet and return it with the meter, so we can review your results and provide recommendations

Please return the enclosed meter by: \_\_\_\_\_

## Returning the Meter

Please follow these steps for returning the meter:

1. Place the meter in the box it came in
2. Place a copy of the completed worksheet into the box
3. Secure the prepaid return label enclosed with the meter onto the front of the box
4. Seal the box with shipping tape
5. Drop the box in the mail

A Customer Support Specialist will follow up with you once we have received the meter.

Further instructions can be found on the back of this document. If you need additional assistance, please call Efficiency Smart at 877-889-3777.

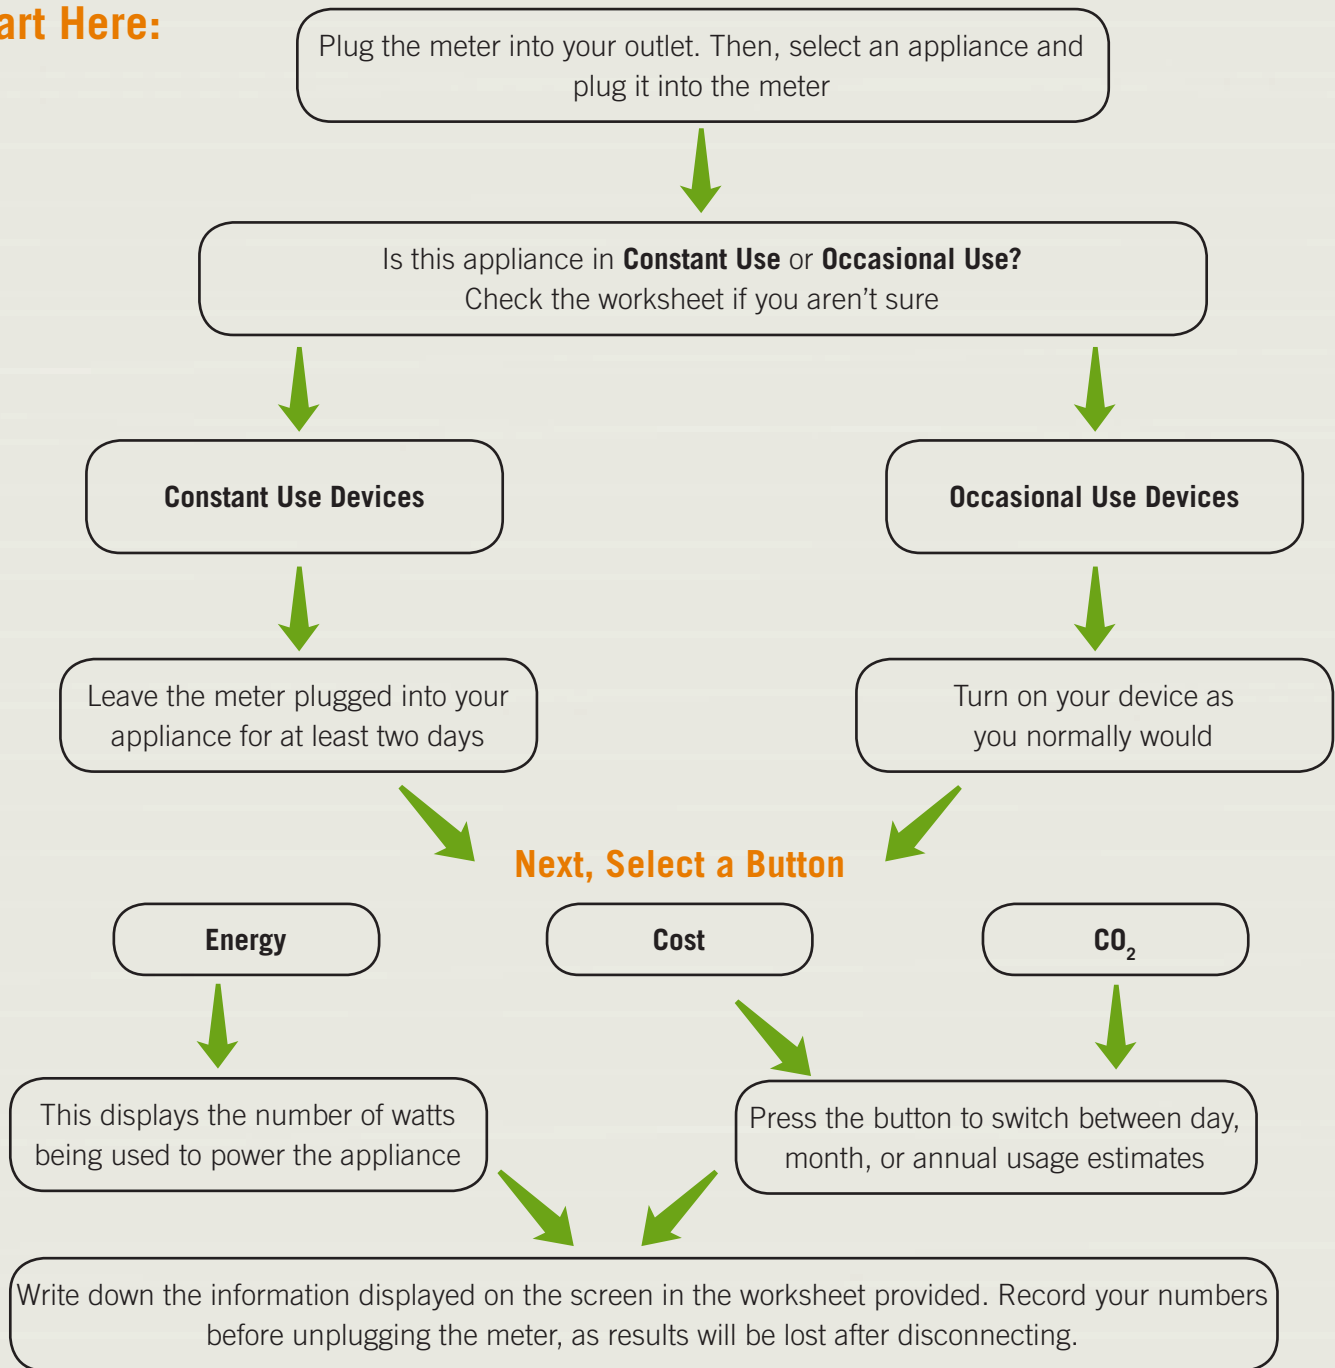

*Efficiency Smart does not warrant that participation in this service will result in energy savings or benefits of any kind. Accuracy of measurements and of borrower's analysis cannot be guaranteed. Participants assume all responsibility for use of the enclosed meter; Efficiency Smart and its employees disclaim **any and all** liability for any injury and/or damages resulting from any such use.*

# Electric Meter Instructions

Please follow the flow chart below for instructions on using the meter. You can also refer to the Tricklestar usage guide for more information on the meter.

## Start Here:

## Repeat the Steps Above with Additional Appliances

Once you're done with the meter, please place one of the worksheet copies and the meter into the box it arrived in and drop it in the mail. A Customer Support Specialist will follow up with you to discuss your results and opportunities to save energy.
